DraftReport-EIA-BIDRept-March2011.doc

DraftReport-EIA-BIDRept-March2011.pdf

The attached draft, *Technical and Regulatory Support to Develop a Rulemaking to Potentially Modify the NESHAP Subpart W Standard for Radon Emissions from Operating Uranium Mills (40 CFR 61.250)*, is being sent to you in accordance with Contract Number EP-D-10-042 for review and comment. This is a combined report in response to Work Assignments 1-03 and 1-09 in support of the BID and EIA efforts. The document is provided in both MS Word and PDF formats for your convenience.

Please provide any comments or questions on the content of this report to Bill Thurber. If you have any problems with the attached MS Word or PDF documents, please contact me.

Sincerely,

Nancy
